The response from “Open for Business” is as follows:
Thank you for your interest in Open For Business, Ontario’s plan to make it easier for businesses to work with government, grow and succeed, while creating an environment that supports innovation, helps attract new investment, and creates jobs.
We have been in touch with colleagues in the Ministry of Agriculture, Food and Rural Affairs, and have been assured that they received the O.S.P.E. submission for proposed changes to Section 58(4) of the Drainage Act, R.S.O. 1990 and are dealing with it.
Should you have any other questions or comments about Open for Business, please do not hesitate to get back to us.
